

Signature Arrangements

We guarantee your arrangement will last for 3 – 5 days. A little extra care can extend the life of your flowers.

- Keep your vase filled to the top with clean water. If your arrangement is in a basket or shallow dish, please keep the floral foam saturated with water.
- Keep your arrangement in a cool place, out of direct sunlight, and away from heating or cooling vents, fans, appliances, and radiators.
- Some flowers last longer than others. To keep your entire arrangement looking fresh, simply remove or pinch off fading blossoms.
