Summer Classics and Summer Classics Stores Become an ASID Industry Partner

MONTEVALLO, ALABAMA

This year Summer Classics and Summer Classics Stores joined the American Society of Interior Designers (ASID) as an Industry Partner along with Gabby.

The ASID was founded in 1975 and is the oldest, largest and leading professional organization for interior designers. ASID is a community of people driven by a common love for design. Through education, knowledge sharing, advocacy, community building and outreach, the Society strives to advance the interior design profession.

Summer Classics is appreciative of the support and hard work interior designers provide for the indoor and outdoor furniture industries, and the company is honored to have this opportunity to partner with and give back to them.

With more than 30,000 members including interior designers, students, educators and industry representatives, the non-profit organization is committed to the belief that interior design can positively change people's lives. The organization has local chapters throughout the country with frequent meetings, and opportunities to learn more about Interior Design and meet other designers.

As part of the membership, all three companies will be featured in *ASID Icon*, the organization's quarterly magazine, and on the ASID product finder online. Summer Classics, Summer Classics Stores and Gabby will be sending out a postcard with exclusive offers for ASID members. Sales representatives and store managers from the companies will also be at local chapter meetings.

For over 30 years, Summer Classics has been creating high-quality outdoor furnishings. With a commitment to innovative design, Summer Classics products are created with the finest raw materials for use in manufacturing. The development of these materials is one of the company's proudest achievements, and has set the company apart from other outdoor furniture manufacturers.
